We are delighted to invite the academic professionals, students, business persons, doctors to attend our upcoming international conference “6th Global Gastroenterologists Meeting August 11-12, 2016 Birmingham, UK. The conference Gastro 2016 will focus on “Recent advancements and Therapeutic techniques in the field of Gastroenterology”, which covers a wide range of critically important sessions from basic research to innovations in the area of Gastroenterology diseases and other metabolic syndromes.

Organizing Committee Members

Major Sessions

- Gastrointestinal Carcinogenesis and Therapeutics
- Inflammatory Bowel Disease Research vs Treatment / Management
- Gastrointestinal Bleeding- Treatment and Management
- Minimally Invasive Surgery
- Robotic surgery
- Pancreatic Diseases and Treatment
- Emerging Therapies for Viral Hepatitis and Liver Fibrosis
- Treatment for Functional GI Disorders
- Gastrointestinal Pharmacotherapy
- Gastrointestinal Radiology
- Gastrointestinal Therapeutic Endoscopy- Advancements and Challenges
- Neurogastroenterology and Motility – current research and future aspects
- Use of NSAID’s and Antibiotic Therapy
- Clinical Nutrition in Gastrointestinal Diseases

Operated by Editors of Supporting Journals

- Journal of Gastrointestinal & Digestive System
- Journal of Infectious Diseases & Therapy
- Internal Medicine: Open Access

7th Gastroenterology and Gastroenterologist Annual Meeting

Theme: “Discovering Grey Zones in Gastroenterology”

Conference Series LLC invites gastroenterology expertise, researchers, professors, scientific communities, therapists, counselors, delegates, students, business professionals and executives to attend the 7th Gastroenterology and Gastroenterologist Annual Meeting which is going to be held on September 12-14, 2016 at Atlanta, USA which includes prompt keynote presentations, Oral talks, Poster presentations and Exhibitions

Organizing Committee Members

Major Sessions

- Recent Advances in Inflammatory bowel disease (IBD) Treatment
- Advances in Gastrointestinal Diseases
- Gastrointestinal Oncology
- Gastrointestinal Surgery
- Advances in Liver Diseases
- Gastrointestinal Immunology
- Clinical Nutrition in Gastrointestinal Disease
- Endourology- Clinical Update
- Urologic Oncology
- Pediatric Gastroenterology and Urology
- Gastroenterology: Current and Novel Approach
- Gastroenterology: Clinical and Diagnostics
- Treatment or Therapy
- Gastroenteritis and associated Diseases
- Pancreatic Diseases and Treatment
- Emerging Therapies for Viral Hepatitis and Liver Fibrosis

Operated by Editors of Supporting Journals

- Journal of Gastrointestinal and Digestive System
- Journal of Liver
- Journal of Medical and Surgical Urology

Clinical Gastroenterology 2016

October 03-05, 2016    Toronto, Canada

Theme: “Updates on Clinical Gastroenterology and Hepatology”

Conference Series LLC invites all the participants across the globe to attend “Clinical Gastroenterology & Hepatology which is going to be held in Toronto, Canada during October 03-05, 2016. The main theme of this conference is “Updates on Clinical Gastroenterology and Hepatology” which covers a wide range of critically important sessions. The conference would provide a platform for the proper interaction and discussion on the advancements & shortcomings in clinical approaches for gastroenterology & hepatology among the experts. As, gastrointestinal diseases is one of the major issue for clinical research around the world.

As, per statistics, Canada, is the country where a lot of funds have been allotted for the research on clinical gastroenterology & hepatology. There are more than 100 universities throughout the country where research is going on & more than 2000 gastroenterologists & hepatologists are involved in it. Top associations & societies for clinical gastroenterology & hepatology are also located in Canada.

Major Sessions

☞ Advances in Gastrointestinal Diseases
☞ Gastrointestinal Oncology
☞ Gastrointestinal Surgery
☞ Advances in Liver Diseases
☞ Gastrointestinal Immunology
☞ Clinical Nutrition in Gastrointestinal Diseases
☞ Endourology- Clinical Update
☞ Neurosurgery and Urodynamics
☞ Urologic Oncology
☞ Pediatric Gastroenterology and Urology

Operated by Editors of Supporting Journals

☞ Journal of Gastrointestinal and Digestive System
☞ Journal of Liver
☞ Journal of Medical and Surgical Urology

13th International Conference on
Clinical Gastroenterology and Hepatology

October 19-20, 2017    San Francisco, USA

Hepatitis 2016

Theme: “Treatment and Management strategies to eradicate Hepatitis and Liver diseases”

Conference Series LLC will be honored to invite you to the 3rd World Congress on Hepatitis and Liver diseases to be held in Dubai, UAE during October 10-12, 2016. The event will serve as a catalyst for the advancement of research in the field of Hepatitis and Liver diseases by connecting scientists within and across the globe, creating an environment conducive to information exchange, generation of ideas and acceleration of applications that benefit society.

Viral hepatitis is one of the major global health care problems and kills around 1.5 million people worldwide every year. More than 2 000 million people alive today have been infected with HBV at some time in their lives. Of these, about 350 million remain infected chronically and become carriers of the virus.

International Conference on Endoscopy

November 17-18, 2016 Atlanta, Georgia, USA

Theme: “Endoscopy techniques for Disease diagnostic and Treatment equipments”

The International Conference on Endoscopy during November 17-18, 2016 at Atlanta, Georgia, USA. Endoscopy 2016 aims to gather leading educational scientists, researchers and research students to exchange & share their experiences and research results about all aspects of gastroenterology and endoscopy. Importance & Scope: Endoscopy market growth will primarily be driven by an increased demand for gastrointestinal endoscopic procedures, which stem from the aging U.S. population. Other factors, such as increased awareness, technological improvements and reimbursement changes, will also facilitate growth and shape the market. The endoscopy market worldwide was $23.3 billion in 2010 and is projected to reach nearly $24.8 billion in 2011. This is further anticipated to increase to $33.7 billion by 2016 at a compound annual growth rate (CAGR) of 6.4%.

Major Sessions
☞ Endoscopy
☞ Endoscopy and Diagnosis
☞ Endoscopy and Treatment
☞ Endoscope Types
☞ Endoscopy Applications
☞ Gastrointestinal Endoscopy: Digestive Diseases and Endoscopy

Operated by Editors of Supporting Journals
☞ Journal of Gastrointestinal and Digestive System
☞ Journal of Liver
☞ Journal of Medical and Surgical Urology
